

Voicevale Quality Assurance

Voicevale hereby confirms that it will use its best endeavors to ensure that all foodstuffs and their packaging as supplied to our customers will comply in all respects with our company product specifications, will be produced in accordance with best industry standards and will comply with EU and other relevant UK legislation. Packaging for such goods will also where possible avoid the use of components like staples that could result in foreign body contamination.

We, together with our approved suppliers, undertake to carry out in relation to all foodstuffs and their packaging supplied by us, such checks as a diligent manufacturer or supplier would reasonably be expected to carry out, to ensure compliance with our product specifications and all relevant legislation and regulations.
